Hamilton Township is 39.4 square miles, one of Mercer County's largest and most populated municipalities. Hamilton Township was originally Nottingham Township from 1692 to when it was incorporated in 1842. Hamilton Township experienced much industrial and residential development like its neighbor, Trenton, and has continued to grow residentially since World War II. Farming is active in the rural areas of the Township, in contrast to the numerous commercial and shopping centers located throughout the Township.
